MicroWorld enters tie-up with Databiz of Bangladesh

Databiz to promote and sell MicroWorld's security products such as eScan, MailScan, eConceal and X-Spam

Friday, July 13, 2007

Global Security Solution Provider MicroWorld Technologies has announced its tie-up with the Bangladesh IT Solution Provider Databiz Inc. The firm will promote and sell MicroWorld's security products in the fast developing IT market in the nation.

Established in 1999, Databiz provides products and solutions in a spectrum of IT segments. It offers automated business solutions along with management consulting services to the varied interests of customers. With a large client base spanning across public, semi-government and private sector, the company is quickly expanding its market reach.

According to Ravi Shankar, Territory Manager - DACH Region, MicroWorld Technologies, "We see Databiz as an important strategic partner in our expansion plans in

Bangladesh. With their experience and knowledge of the market pulse, we are looking forward to bring our products to a larger audience in this growing economy. Customer centric vision and values that Databiz adheres to makes them a natural partner of MicroWorld”.

“Now with MicroWorld's security products, we are sure to deliver futuristic solutions to our customer base and beyond. Centralized security management with up-to-second protection at a low TCO is what most firms are looking for on a continued basis,” viewed Rashed Kamal, CEO of Databiz.

With the tie-up, Databiz will now offer to customers eScan, MailScan, eConceal and X-Spam from MicroWorld.
