MicroWorld announce its new partner Spearhead Networks in GHANA

WEST AFRICA GHANA – 20/03/2008 - MicroWorld Technologies Inc., the advanced Anti-Virus, Anti-Spam and Content Security Solution provider, is very happy to announce its new partner Spearhead Networks in Ghana as part of its expansion drive.

MicroWorld's Anti-Virus, Anti-Spam and Content Security products eScan and MailScan are powered by several unique technologies and they offer an altogether different perspective in security as compared to competitors. eScan is powered by the revolutionary MWL technology. It has the quickest updating Anti-Virus system and it uses advanced Intentional Analysis to detect even the previously unknown threats.

MicroWorld's products are certified as the best in the industry by a range of independent testing bodies like VB100%, Checkmark, CheckVir, AV comparatives etc and have been consistently winning several awards for their superior performance.

“The world today is looking for security solutions that comprehensively and pro-actively protect computers and networks, without leaving any vulnerable areas for Worms and Viruses to sneak through or Spam to flood the inbox. The present and the future belongs to those solution providers who are well prepared to thwart even those threats that are not even born. This is the reason why we are confident that,

what we offer to our partners is a stake in the future of security.” said Mr.Sunil Kripalani, VP International Marketing & Sales MicroWorld.

Spearhead Networks specializes in wireless networks, antivirus, antispam, content security and network intrusion and prevention solutions. Spearhead Networks provides a range of services to meet specific customer needs in ensuring data security. By capitalizing on the advantages of vertical integration, Spearhead will make full use of the supply of key Products such as eScan Anti Virus and Content security, Mailscan and Econceal, etc from MicroWorld.

“With a number of years experience in the ICT industry we are able to deliver the best-in-class solutions to all our customers. We are committed to bringing the advantages of the latest networking and computer technologies to the PC user by offering the best price-performance products and solutions. Our partnership with MicroWorld further strengthens our product range. The eScan and MailScan range will add a new dimension to our existing range of products in becoming a service and customer-oriented partner.” says Mr Ernest Offei Darko Mensah, CEO and Managing Director Spearhead Networks .
